

### POLICE SCHOOL WILL OPEN ABOUT JUNE 1

Opening of a school for police at which they will be instructed in police work, mental and physical, will be made about June 1, according to Fire and Police Commissioner John B. Edgar. Friday, Walter Hoyer, now a detective sergeant, who recently returned from New York, will have charge.

Twenty men will be given an hour's instruction daily. Commissioner Edgar said. Periodical examinations will be held and they will be required to pass certain tests. In establishing this school Commissioner Edgar hopes to ground his men in police efficiency and police work before starting additional features now included in police routine. Six months time, the commissioner says, will show marked improvement in the work of all officers.

The status of Walter Hoyer never has been determined. His official position will be decided on at a later date when other matters now before the commissioner are settled. Hoyer at present is mapping out the school work with Police Chief Joe Burney.

### BANKERS UNABLE TO GET CONVERSION BONDS

Conversion of Liberty loan bonds of the first and second issues has been keeping local bankers busy for some time, and one of their difficulties has been getting the permanent bonds to be delivered to the holders of the old. John J. McSwain, vice-president of the Union and Planters Bank and Trust company, makes public the following copy of a letter received from the Federal Reserve bank in St. Louis, which will explain itself.

"In reply to yours as to the probable date of the permanent bonds to be delivered against the surrender of the first and second 4 per cent bonds received after May 15, we beg to advise that we are unable to give a definite date, but would judge that delivery will be made within 30 days."

"Delivery of the permanent bonds against the surrender of the 4 per cent first Liberty loan converted and 4 per cent second Liberty loan converted will not begin until sometime in July, under the present indications."

### Don't Blame "Spring Fever" For That "Down-and-out" Feeling

Your Blood Needs a Thorough Cleansing Just Now.

As Spring approaches the impurities that have been accumulating in the system throughout the winter begin to clog up the circulation, causing a general weakness and debilitated condition that is generally known as "Spring fever."

The first symptoms are usually a loss of appetite, followed by a gradual lessening of energy, the system becomes weaker day by day, until you feel yourself on the verge of a breakdown. Children just at this season are peevish and irritable, and become puny and lifeless.

This whole condition is but the result of impurities in the blood that have been accumulating and make themselves felt more distinctly with the change of seasons. They show that nature needs assistance in giving the system a general housecleaning.

Everybody just now needs a few bottles of S. S. S., the great vegetable blood remedy, to cleanse it of impurities. It is good for the children, for it gives them new strength and puts their system in condition so they can more easily resist the many ailments so prevalent in summer. S. S. S. is without an equal as a general tonic and system builder. It improves the appetite and gives new strength and vitality to both old and young.
